We would love to have Council President Elo-Rivera do something special to honor his dedication to the issue, personal experience, and continued advocacy for and with young people. David on our team started his journey with us at our Transitional Living Program (TLP) on Swift when he was in his early twenties. In having his basic needs met in the program and making meaningful connections with Y staff, including Justin who was the Housing Director, David soon became a team member. He is now transforming access to resources for young people in our San Diego region, Directing the Housing Our Youth program County-wide.
